VOTE-BY-MAIL BALLOT SIGNATURE CURE

The Secretary of State has issued a directive allowing voters who had a mismatched signature on their vote-by-mail ballot an extended deadline to correct their signature difference on their ballot certificate. The deadline is Saturday, November 17, 2018 at 5:00 pm.

Supervisor Lewis stated, "We initially mailed out a letter containing an affidavit to these voters giving them the opportunity to correct their signature. The voter simply needed to return the signed affidavit to cure their ballot."

In addition, Supervisor Lewis also indicated she was happy that voters will be able to correct their ballot and cast their votes in this election.

Vote-by-Mail Voters will need to come to the office in person to complete an affidavit to cure their ballot signature. To simplify the process, voters may access the Vote-by-Mail Ballot Cure Affidavit on our web site, www.volusiaelections.org; complete and bring it to the office along with an ID as listed on the affidavit. Voters may also submit this form along with a copy of the ID via email to llewis@volusia.org.

The Department of Elections office will be open both Friday and Saturday; 8:00 am to 5:00 pm to assist voters in completing this task.

For more information, don’t hesitate to contact Lisa Lewis at 736-5930.
