Voting Equipment Overview

**DS200 Tabulator and Ballot Box**

1) To vote, completely fill in the oval next to your choice.

2) If you erase or make other marks, such as a ✓ or an ✗, your vote may not be tabulated.

3) If you make a mistake, ask for a new ballot. You may receive up to two replacement ballots.

4) To vote for a Write-In candidate, fill in the oval next to the blank line provided and write the candidate’s name.

5) When you have finished marking your choices, insert your ballot into the DS200 Tabulator.

6) Once your ballot is tabulated, it is dropped into a locked ballot box.

**ExpressVote**

1) Voters with special needs have the option of marking a physical ballot or using the ExpressVote to make their choices using a touch screen and/or a keypad.

2) A Poll Worker will program a ballot by inserting an activation card. If needed, headsets and a keypad are provided.

3) Voters have the option of adjusting their preferences; visual only, audio only, combined audio and visual, language, as well as the ability to magnify and adjust contrast.

4) Instructions will play through the headset with the options of adjusting the volume and changing the speed of the audio.

5) Once you have finished marking your choices, the activation card will print your ballot and eject. You will then insert your ballot into the DS200 Tabulator.
